

**Message of NA:** *"...that an addict, any addict, can stop using drugs, lose the desire to use, and find a new way to live. Our message is hope and the promise of freedom."*

**Primary Purpose:** *"...to carry the message to the addict who still suffers..."*

*Basic Text - 6<sup>th</sup> Ed. -*

### STEP 3

*"We made a decision to turn our will and our lives over to the care of God as we understood Him."*

*As addicts, we have turned our will and our lives over many times to a destructive power. Our will and our lives were controlled by drugs. We were trapped by our need for the instant gratification that drugs gave us. During that time, our total being-body, mind and spirit-was dominated by drugs. For a time, it was pleasurable, then the euphoria began to wear off, and we saw the ugly side of addiction. We found that the higher our drugs took us, the lower they brought us. We faced two choices: either we suffered the pain of withdrawal or took more drugs.*

*For all addicts, the day comes when there is no longer a choice; we had to use. Having given our will and lives to our addiction, in utter desperation we looked for another way. In Narcotics Anonymous, we decide to turn our will and our lives over to the care of God as we understand Him. This is a giant step. We don't have to be religious; anyone can take it. All that is required is willingness. All that is essential is that we open the door to a Power greater than ourselves. Our concept of God comes not from dogma but from what we believe ourselves, what works for us. Many of us understand God to be simply whatever keeps us clean. The right to a God of your understanding is total and without any catches. Because we have this right, it is necessary to be honest about our belief if we are to grow spiritually.*

*We found that all we needed to do was to try. When we gave our best effort to the Program, it worked for us as it has worked for countless others. The Third Step does not say, "We turned our will and our lives over to the care of God". It says, "We made a decision to turn our will and our lives over to the care of God as we understood Him". We made the decision; it was not made for us by the drugs, our families, a probation officer, judge, therapist, or doctor. We made it. For the first time since that first high, we have made a decision for ourselves.*

*The word "decision" implies action. This decision is based on faith. We have only to believe that the miracle we see working in the lives of clean addicts can happen to any addict with the desire to change. We simply realize there is a force for spiritual growth that can help us become more tolerant, patient, and useful in helping others. Many of us have said, "Take my will and my life. Guide me in my recovery. Show me how to live". The relief of "letting go and letting God" helps us develop a life worth living.*

*Surrendering to the will of our Higher Power gets easier with daily practice. When we honestly try, it works. Many of us start our day with a simple request for guidance from our Higher Power.*

*Although we know that "turning it over" works, we may still take our will and life back. We may even get angry because God permits it. At times during our recovery, the decision to ask for God's help is our greatest source of strength and courage. We cannot make this decision often enough. We surrender quietly and let the God of our understanding take care of us.*

*At first, our heads reeled with the questions: "What will happen when we turn our life over? Will we become 'perfect'?" We may have been more realistic than this. Some of us had to turn to an experienced N.A. member and ask, "What was it like for you?" The answer will vary from member to member. Most of us feel open-mindedness, willingness and surrender are the keys to this step.*

*We have surrendered our will and our lives to the care of a Power greater than ourselves. If we are thorough and sincere, we will notice a change for the better. Our fears are lessened and faith begins to grow as we learn the true meaning of surrender. We are no longer fighting fear, anger, guilt, self-pity, or depression. We realize that what brought us to this Program is still with us today and will continue to guide us if we allow it. We are slowly beginning to lose the paralyzing fear of hopelessness. The proof of this step is in the way we live.*

*We have come to enjoy clean living and want more of the good things that the N.A. fellowship holds for us. We know now that we cannot pause in our spiritual program; we want all we can get. We are now ready for our first honest self-appraisal, and we begin with Step Four.*

## TRADITION 3

*"The only requirement for membership is a desire to stop using."*

*The desire to stop using is our only requirement. This does not refer to chemicals, people, food, sex, etc. Using refers to the way our addictive personality manifests itself in our daily lives. We live to use and use to live. We do not separate ways of means of usage nor do we focus on our use of drugs. We focus on freedom from active addiction. This freedom begins with putting down the most obvious, our addiction to drugs first. chemicals allowed us to recognize and identify our disease. As we begin to recovery, we may begin to see other ways we actively use. Identifying rather than comparing helps keep us focused on our desire for recovery. we must carry a clear message of Narcotics Anonymous recovery to enable newcomers to see what we have to offer and how we can help. When we cloud our message, we become inconsistent and this confuses the newcomer. membership is open for those with the desire. We sometimes carry our message by planting seeds with addicts who may have potential desires for recovery. As long as the still suffering addicts know about NA, we have carried out our primary purpose. We may not be able to keep a using addict clean, but we can give a struggling member a choice and a healthy environment for growth.*

*Though we have found that imposing conformity does not work, we do have the power of example. Unable to spiritually control the thoughts, feelings, and actions of our newer members, we can rely on our faith in a loving god that they will come to their own understanding in their own time. Eventually all addicts will conform to the principles that guarantee their survival. If not, they sicken and possible die. These are the sad truths drawn from our experience. One member shares his experience, "I have been a member of 12 step fellowships before. However, I have never experienced recovery. Recovery as it applies to me, is total abstinence from all drugs, in conjunction with an active change in ideas, attitudes and behaviors. Membership requires a commitment to making meetings, having a sponsor, using a sponsor, and practicing spiritual principles.*

*"This tradition ensures that recovery is available to all who seek recovery in NA. It does not matter who they are or where they come from. A persons sex, race, creed, or religion cannot exclude them from the right to recover in NA. There are no classes of membership in NA; we are all equal in NA. "Initially recovery begins by not using drugs. For me drugs are any mind or mood altering substance. There is no particular substance that a person must use to become a member. NA focuses on the disease of addiction and its effects on a person's mind, body, and spirit. Rather than effects of a specific substance on a person's being. Membership is open to anyone, no matter what someone has used or not used. "No member can quantify another member desire. I have no right to judge another person's desire to stay clean. This at times, can be difficult for me. When I examine my recovery track record, up to 2003, all of the evidence would have suggested that I would not recover, this did not discourage the people in NA. The people in NA believed in me even when I did not believe in myself. I was encouraged and I was made to feel welcome in NA. Looking back, I felt like gasoline and matches were thrown on my desire and that fire still burns today.*

*"I show newer members that recovery is available in NA by the way I conduct myself before, during and after the meetings. I believe in a solution orientated recovery, focusing less on my feelings and the problems. When I have a casual conversation after the meeting or if I am speaking at a meeting I do my best to live what I speak about. I am enthusiastic about my recovery and I enjoy my life. I saw these qualities in the people that were recovering in NA and I was attracted by the way they were living and the information on how God changed their lives. "This tradition helps me in working with others and in accepting other people right where they are, not where I think they should be. Tradition 3 tells me that I am not great or good enough to get anyone clean. An addict will not stop until they are ready stop; this was the case with me. Therefore, as long as I use a literature based approach and my personal experience with the literature in my work with others, I cannot beat myself up if people relapse or take credit for their recovery. All I can do is my job and let God do his job. In the end I believe it is the love that heals us."*

*Willingness is an action word. this program is for people who want it, not for people who need it. We have to reach a point of total surrender before the willingness comes. The breakdown of our personal world is part of what helps us get clean. It helps us remember what the last one did for us. We thank God for this Tradition because if it was not there, we could not be here. The desire to stop using is the only requirement for membership. It does not matter how much or how little, just that we want to do something about our using. In order to have the necessary desire for recovery, we had to reach a boiling point of desperation. On a deeper level, we began to actively seek a new way of life.*

## CONCEPT 3

***"The NA groups delegate to the service structure the authority necessary to fulfill the responsibilities assigned to it."***

***The NA groups delegate to the service structure the authority necessary to fulfill the responsibilities assigned to it. The NA groups maintain final responsibility and authority for the service structure they have created. Yet if they must involve themselves directly in making decisions for all of our service boards and committees, the groups will have little time or energy left to carry the recovery message in their meetings. For this reason, the groups entrust the service structure with the authority to make necessary decisions in carrying out the tasks assigned to it. The delegation of authority can do much to free up both our groups and our services. Service decisions not directly affecting the groups can be made expeditiously; our phonelines, H&I panels, public information efforts, and literature development projects can move forward at full speed to serve NA's primary purpose. And our groups, not required to ratify every decision made on their behalf at every level of service, are freed to devote their full attention to carrying the NA message in their meetings. We often use motions and guidelines to help us apply the Third Concept.***

***We clearly describe each task we want accomplished, and the kind of authority we are delegating to those who will fulfill the task. However, even the most exhaustive set of guidelines cannot account for every eventuality. Our trusted servants will serve us best when we grant them the freedom to exercise their best judgment in fulfilling the responsibilities we've assigned them. Our services must remain directly accountable to those they serve, yet they must also be given a reasonable degree of discretion in fulfilling their duties. A group, service board, or committee should consult its collective conscience in arriving at its own understanding of the best way to apply this concept. Sometimes we fear that delegation will mean a loss of control over our services. Together, Concepts One, Two, and Three have been designed to help us maintain responsibility for our service structure without tying our trusted servants' hands. The Third Concept encourages our groups to focus on their own responsibilities, while assuring that the service structure is given the authority it needs to fulfill other necessary NA services. Our Twelve Concepts do not ask our groups to abdicate their authority, allowing the service structure to do whatever it pleases.***

***The groups, after all, have established the service structure to act on their behalf, at their direction. And when the groups need to exercise final authority in service matters, they are encouraged to do so. However, in day-to-day matters, the groups have given our service boards and committees the practical authority necessary to do the jobs assigned them. Delegating authority can be a risky business unless we do so responsibly. To make Concept Three work, other concepts must also be applied consistently. Most importantly, we must give careful attention to the selection of trustworthy trusted servants. We cannot responsibly delegate authority either to those who are fundamentally incapable of administering that authority or to those who are not willing to account fully for their actions. However, if we select our leaders carefully, choosing those who can be trusted to responsibly exercise delegated authority in fulfilling the tasks we've given them, we can feel much more comfortable with the concept of delegation.***

***When we give our trusted servants a job, we must adequately describe to them the job we want done, and we must provide them with the support they need to complete their job. Then, once we've given them instructions and support, we must delegate to them the authority necessary to make decisions related to the task they've been assigned. When our groups delegate sufficient authority to our service structure, our groups need not be overcome with the demands of making every service decision at every level of service, and our fellowship's primary purpose can be served to the fullest. With the Third Concept squarely in place, our groups are free to conduct recovery meetings and carry the NA message directly to the addict who still suffers, confident that the service structure they have created has the authority it needs to make the decisions involved in fulfilling its responsibilities.***

***In day-to-day matters, the groups have given our service boards and committees the practical authority necessary to do the jobs assigned them. This is not a blank check issued to the service structure; the groups still bear final authority. To make Concept Three work, we must carefully select trusted servants.***

## *NA Recovery Stories*

LOGAN. RECOVERY STORY...

MY NAME IS LOGAN AND I AM A RECOVERING ADDICT. LOGAN IS MY LAST NAME AND I CHOOSE TO USE IT HERE BECAUSE MY FIRST NAME IS A DEAD GIVE-AWAY TO MY IDENTITY. HOWEVER, THERE ARE THOSE IN THE FELLOWSHIP WHO KNOW ME BY LOGAN BECAUSE EARLY IN MY RECOVERY, THAT'S WHO I CALLED MYSELF. MY CURRENT SPONSOR, WHO WASN'T MY SPONSOR AT THE TIME, SAID THAT I HAD A SELF ESTEEM PROBLEM BY NOT GOING BY MY FIRST NAME. OF COURSE, WHEN HE TOLD ME THIS, HE DIDN'T KNOW WHAT HE WAS TALKING ABOUT BUT SINCE HE WAS RESPECTED BY MANY AND WAS VERY ACTIVE IN SERVICE, AND HAD A STRONG SPONSOR FAMILY, I JUST FILED WHAT HE SAID IN THE BACK OF THE BOTTOM DRAWER—WAY BACK IN THE BOTTOM DRAWER. IT TOOK ME SEVERAL YEARS LATER TO ADMIT THAT HE WAS RIGHT. IDENTIFYING IN WAS A MAJOR ISSUE WITH ME. I WAS A CUT ABOVE. I HAD A GOOD PAYING JOB WHICH HAD SOME STATUS ASSOCIATED WITH IT. I HAD INTERNATIONAL EXPERIENCES WHICH I DID NOT HEAR MEMBERS SHARING ABOUT. I HAD A COLLEGE DEGREE. I HAD NEVER BEEN TO JAIL OR LIVED ON THE STREET. I HAD NEVER BEEN MOLESTED. I CHOSE MY FIRST SPONSOR BECAUSE I HEARD HIM SAY THAT HE WAS RECOMMITTING HIMSELF TO THE PROGRAM. FOR SOME REASON, HEARING HIM SAY HE WAS "RECOMMITTING" REALLY STRUCK SOMETHING IN ME. HE WAS AN ELDERLY GENTLEMAN AND DEEP DOWN, I WAS LOOKING FOR A FATHER FIGURE. WHEN HE DIED, OUR RELATIONSHIP HAD JUST BEGUN TO TAKE OFF. WE WERE SHARING MORE AND MORE STUFF WITH EACH OTHER. I WAS EVEN SURPRISED AT SOME OF THE THINGS HE SHARED. OUR TRUST WITH EACH OTHER WAS GROWING. A FEW YEARS INTO RECOVERY, MY JOB OFFERED ME A BUYOUT WHICH I ACCEPTED. WOW, NOW I HAD A NICE CHUCK OF CHANGE AND WAS CLEAN. I WAS LIVING IN AN SRO (SINGLE ROOM OCCUPANCY) AND HAD SERVICE POSITIONS. I DIDN'T HAVE A JOB BUT I HAD A CHUNK OF CHANGE. I TOOK TRIPS, RENTED CARS, TRIED TO BUY A RELATIONSHIP, AND EVENTUALLY BLEW THROUGH THE MONEY IN NO TIME. MY SPONSOR WANTED ME TO SLOW DOWN BUT MY UNMANAGEABILITY AND SELF-RIGHTEOUSNESS WAS TOO STRONG. NOW BROKE, I NEEDED MONEY SO I TOOK A POSITION WITH THE PUBLIC SCHOOL SYSTEM AS A SUBSTITUTE TEACHER. THIS WAS A CAREER CHANGE BUT I WAS HOPEFUL. HERE I WAS--A CLEAN, ARTICULATE AND EDUCATED BLACK MAN WITH SOMETHING TO OFFER. I WAS READY. I WAS NOT READY FOR THE BEATDOWN THOSE ELEMENTARY SCHOOL KIDS GAVE ME. I WAS CLOSE TO MY BREAKING POINT WHEN MY HIGHER POWER SAID OK. I GOT A CALL FOR JOB IN THE INDUSTRY I WAS WORKING IN BEFORE. I TOOK THE OFFER AND AM STILL THERE. STAYING CLEAN PHYSICALLY IS EASY FOR ME TODAY. IT'S THE MENTAL ASPECT OF MY DISEASE THAT'S MORE CHALLENGING. MY DEFAULT THINKING KICKS IN MORE OFTEN. HAVING PEOPLE I CAN TALK TO IS INVALUABLE. RECENTLY I WAS SPEAKING WITH MY SPONSOR GOING OVER THE RESENTMENT PART IN THE 4TH STEP AND NEW PERSPECTIVES STARTED COMING TO THE FOREFRONT. PERSPECTIVES THAT I HAD NOT OR WOULD NOT HAVE CONSIDERED BEFORE. ONE OF THE NUGGETS IN THE BASIC TEXT THAT I REALLY LOVE IS ON PAGE 94 IN THE SIXTH EDITION OF THE BASIC TEXT "EVERYTHING WE KNOW IS SUBJECT TO REVISION, ESPECIALLY WHAT WE KNOW ABOUT THE TRUTH..."
