

## Park Entrances are marked by an “X”

## How to Get Here

**Lansburgh Park**  
**1098 Delaware Avenue SW**  
**Washington, DC 20024**

Lansburgh Park is a quiet, secluded park surrounded by a brick wall. It has four entrances from various streets. Two are on Delaware Ave SW, one is off I (eye) St SW (1<sup>st</sup> St Walk SW), and the other is off M St SW (1<sup>st</sup> St Walk SW). We will be posting signs at these entrances, so you should be able to find them.

**By Car:** The Park is right off **I-695 at S Capitol St SW** between I (eye) and M Sts SW. You can also get there by taking Maine Ave SW which turns into M St. There is street parking on all sides of the Park.

**By Metro:** Those coming down by Metro can get off at the **Waterfront** or **Navy Yard-Ballpark** Metro stations. Both are an approximate 10-minute walk to the Park.

**By Bus:** The **C11** and **C55** buses let you off right at the **M St SW & 1 St SW**, next to the **M St** entrance. It is a 3-minute walk from there.
